

1990 ANNUAL REPORT

16TH STREET COMMUNITY HEALTH CENTER

Purpose of the 16th Street Community Health Center

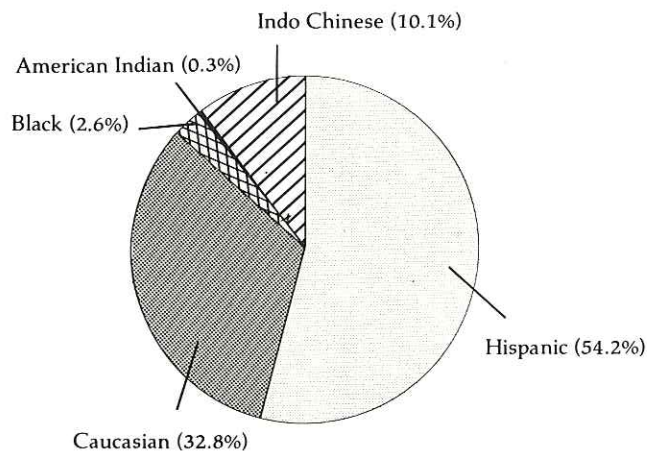

Since its beginning in 1969, the purpose of the 16th Street Community Health Center has been to provide quality primary care and other health-related services to persons residing on the near South Side of Milwaukee. Historically, these individuals and their families went unserved because of their low income, or they received inadequate care because of their language or culture.

Services

All services at the 16th Street Community Health Center are available in English, Spanish, Loatian and Hmong. They include:

- **Family Health Care**
A complete range of medical and nursing services for adults and children including:
 - Family practice medicine
 - Internal medicine
 - Obstetrical and gynecological medicine
 - Pediatric medicine
- **Women, Infants and Children (WIC) Program**
Nutrition education and supplemental food program for pregnant and breastfeeding women, infants and children under age four.
- **Health Education**
Health care information in the areas of self-care, nutrition and sexuality for individuals as well as groups. Classes include: child and adult nutrition, family planning, prenatal care, parenting, and child car seat education and rental.
- **Social Services**
Patient advocacy, crisis intervention, counseling and information and referral services.
- **Perinatal Outreach Project and Drug and Alcohol Counseling Program**
