Advantages of an FQHC

*What are the Advantages  
of an FQHC?*

*We accept most all insur-  
ance plans.*

*Medicare patients do not  
have to meet a deductible,  
and routine physical ex-  
ams are covered by Med-  
icare at an FQHC.*

*Sliding Fee Discounts are  
available, based on in-  
come and household size.  
We encourage all those  
who might qualify to  
inquire about these

## St. Croix Regional Family Health Center

### *We are ....*

The St. Croix Regional Family Health Center (SCRFHC) is a Federally Qualified Health Center (FQHC) located at 136 Mill Street in Princeton, Washington County, Maine. We are a private, non-profit organization, which has been providing health care since 1991. Providers who see patients at our location:

Garrett Babbs, P.A.

Kristen Hollenkamp, P.A.

Mark Kaplan, D.O.

Christine White, M.D. Psychiatry

Lawrence Crystal, D.P.M Podiatry

### *We believe ....*

We believe that health care should be available for all, and our staff of doctors, medical providers, and support staff have dedicated themselves to providing the finest health services possible. We work closely with health and human service organizations at the local, state, and federal levels to ensure that all in the community receive the health care they deserve.

### *What we do ....*

- Medical care for all ages
- Complete physicals
- Well-child physical exams
- School physicals
- Pregnancy testing
- Routine lab tests
- Electrocardiograms
- Minor surgery
- Immunizations
- Health Education
- Mental Health counseling
- Patient Assistance Programs, medications and insurance eligibility

## Becoming a Patient

### ***New Patients ....***

**We are accepting new patients and, in most cases, can schedule an appointment the same day or in a reasonably short period of time.**

### ***Patient-Centered Medical Home ....***

**A Patient-Centered Medical Home (PCMH) is a trusting partnership between a provider led health care team and an informed patient. It includes an agreement between the provider and the patient that acknowledges the role of each in a total health care program.**
